# ***REPULSOR A/T PLATEAU***

## **Rolling Big Power's Premium All-Terrain Performance Tire**

Built for the **BOLD**. The **Repulsor A/T Plateau** is the **first-ever** all-terrain tire in the Rolling Big Power lineup. With its aggressive sidewall design, this tire doesn't just look tough—it delivers value, reliability, and **confidence with every mile**.

## FEATURES AND BENEFITS

### Conquer Any Terrain with Confidence

Handle mud, gravel, sand, or rocky trails with confidence—interlaced pattern blocks deliver superior grip on tough terrain.

### Reliable Winter Grip When Needed Most

Stay in control on snowy roads—sawtooth grooves and high-density sipes bites into the snow and ice, meeting the demanding 3PMSF standard.

### Optimal Handling in Any Environment

Balanced, predictable handling on highways or off-road—optimized voids and full-depth tread give excellent cornering and water evacuation.

### More Miles, More Value

Maximize your investment—advanced tread and optimized contact ensure even wear and longer life.

### Extra Protection Where It Matters Most

Conquer rough, rocky trails—aggressive blade-style sidewalls improve handling and guard against stone damage.

**50,000-Miles** Limited Treadwear Warranty.

Covered by the **Rolling Big Promise** 2-Year Limited Replacement Policy with Road Hazard.

Available in **62 sizes**.

With Rolling Big Power, you don't just drive...  
**You go anywhere you want to.**
